Findings:

Before DOI, Subject's activity consisted of 4 selfies. A comprehensive search of Associates' social media accounts found no mentions or content regarding Subject.

After DOI, between 2016 and 2025, Subject maintained a highly active social media presence, with frequent posts reflecting her personal life, family dynamics, and growing advocacy work, particularly following the tragic death of her 8-year-old nephew, Richie, who was struck by a car. Prior to and after the alleged 2014 sex trafficking incident involving Wesley Reeves, posts continue without clear reference to the event. There is no direct documentation or digital disclosure of trafficking-related content; however, in 2021, a post by

the alleged trafficker, Wesley Reeves, appears, with interaction from a mutual associate, Ashley Latimer.

Between 2016 and 2019, Subject consistently shared selfies, family photos, images of her children, grandchildren, and various lifestyle updates. Notably, in 2020, the U.S. Marshals issued a "Most Wanted" alert naming the subject in connection with a home invasion robbery. There is a significant gap in posting activity between Dec 2019 - Jan 2023. Throughout 2023-2025, her activity intensified around her nephew's death, marked by memorial posts, petitions for school safety, court rally announcements, and news coverage quoting her advocacy efforts. She frequently shared photos of her boyfriend, siblings, children, and grandchildren, showing an ongoing, close-knit family environment. Her posts also promote small business ventures (e.g., fruit juice stands, soaps), memes, holidays, and daily life milestones. Physical activities such as Tough Mudder races and gym selfies are documented as well.

While her social presence is prolific, there is an absence of any explicit public mention or acknowledgment of the alleged trafficking incident. The continuity and nature of posts, from family celebrations to community activism, provide no corroborating or contextual evidence of the trafficking claim from 2014 based solely on her social media activity.

A comprehensive search of Associates' social media accounts found no mentions or content regarding the alleged trafficking.

Property Records:

Subject's current address is 1212 Cannon Ave, Bakersfield, CA 93307. Property records do not indicate Subject is the owner. **Note: CA GOV CODE §7928.205 prohibits the publishing of identifying information like a homeowner's name online without written permission from the owner.

WHAT'S THE REAL STORY OF YOUR LIFE? I'm an odd combination of "really sweet" and "don't mess with me". - Christina THE UNBREAKABLE She is beautiful on the inside and out, with her heart as big as the galaxy and unbreakable fighting spirit. Her life has not been easy, but she has turned the sorrows of her past into her unfailing strength. It would be a mistake to underestimate this stubbornly independent woman. She will always fight for her loved ones, no matter how exhausted she is from her own responsibilities. She is a woman you will always want by your side.

PRAYER FOR MY FAMILY

Father,

Thank you for my family.

I pray that you draw them closer to you and they submit to you with all their hearts and all their minds.

Help them in all their doings.

Father, you are the only one who knows what each one of us is going through and what weighs on us.

I pray that You Oh Lord, will give my family the strength to overcome whatever problems that will come their way.

Help anyone fighting a silent battle.

Let them find peace and comfort in You.

Through Jesus Christ our Lord.

Subject is quoted in an article, after her nephew was struck by a car and killed on his way home from school. Family advocates for street safety near schools after child's death "How many more do we have to have for them to take precaution?" BAKERSFIELD, Calif. (KERO) — The family of the 8-year-old that was struck and killed while walking home from school tells me they won't stop bringing attention to this incident. Not only to keep the child's memory alive, but to hopefully bring about change in our community. Video shows photos and a memorial of 8-year-old Ricardo "Richie" Aguilar, who was killed when he was struck by a car while walking home from school. Richie's family and community members are calling on the school district and city officials to make changes and enhance safety measures along streets near schools. The family of the 8-year-old that was struck and killed while walking home from school tells me they won't stop bringing attention to this incident. Not only to keep the child's memory alive, but to hopefully bring about change in our community. This is him and my son, they grew up together. My son is having it really hard," said Christina Aguilar, the aunt of 8-year-old Ricardo Aguilar. "This is him and his little brother, and this is him. He had a beautiful smile." Ricardo Aguilar brought joy and smile everywhere he went. At only 8-years-old, he had big dreams. He actually was interested in cooking. "He used to like to cook," Christina said. "He had goals of being a chef one day. Christina tells me her nephew — known lovingly as Richie — was taken too soon when he was struck and killed while walking home from Roosevelt Elementary. This tragedy has left a hole in their family, and she says they're not going to be quiet about it. How many more do we have to have for them to take precaution?" Christina asked. The family and several other community members are asking school and public officials to increase safety measures on streets surrounding schools in the district, highlighting bus stops at Cottonwood and Madison Avenue along East Planz Road, and the lack of a crosswalk at the site of the incident on Bank Street and Holtby Road. "Anything that'll save a kid's life, because the streets don't have a stop sign or crossing guard, and that's not ensuring us that our kids are going to come home when we send them off to school.," Christina said. During the Bakersfield City School District board meeting Tuesday, BCSD Superintendent Mark Luque responded to these appeals. "Susie Rios, the principal of Roosevelt Elementary, since 2016 has petitioned the city for traffic studies to place improvements around the campus," he said. "Now someone's going to say that specific intersection wasn't a part of the study, no it was not. But there were others that have been requested over and over again." Luque stated they cannot put a crossing guard at that intersection since there is no crosswalk, something he said they would need to work with the city to implement. "This incident is still under investigation and from what I understand distracted driving is a key piece. But I do have a few referrals to make in response to this tragedy," said Vice Mayor Andrae Gonzales during the City Council meeting Wednesday. "There have been a number of requests related to problem intersections in our community." According to Bakersfield Police, so far this year, there have been 18 incidents involving a minor being hit by a car, 12 resulting in injuries. "I know there is a long list, but I do think that we need to establish some sort of public online database of all neighborhood traffic calming requests and the status of those requests so that the public can see their specific issues," Gonzales said. "I think this will not only provide good information for the public, but it's also a way for us to generate more transparency and accountability for what we do within the city." Ultimately, Richie's family says they will not stop asking officials and the

This is him and my son, they grew up together. My son is having it really hard," said Christina Aguilar, the aunt of 8-year-old Ricardo Aguilar." This is him and his little brother, and this is him. He had a beautiful smile."

Ricardo Aguilar brought joy and smile everywhere he went. At only 8-years-old, he had big dreams. He actually was interested in cooking.

"He used to like to cook," Christina said. "He had goals of being a chef one day.

Christina tells me her nephew — known lovingly as Richie — was taken too soon when he was struck and killed while walking home from Roosevelt Elementary. This tragedy has left a hole in their family, and she says they're not going to be quiet about it.

"How many more do we have to have for them to take precaution?" Christina asked.

The family and several other community members are asking school and public officials to increase safety measures on streets surrounding schools in the district, highlighting bus stops at Cottonwood and Madison Avenue along East Planz Road, and the lack of a crosswalk at the site of the incident on Bank Street and Holtby Road.

"Anything that'll save a kid's life, because the streets don't have a stop sign or crossing guard, and that's not ensuring us that our kids are going to come home when we send them off to school.," Christina said.

During the Bakersfield City School District board meeting Tuesday, BCSD Superintendent Mark Luque responded to these appeals.

"Susie Rios, the principal of Roosevelt Elementary, since 2016 has petitioned the city for traffic studies to place improvements around the campus," he said. "Now someone's going to say that specific intersection wasn't a part of the study, no it was not. But there were others that have been requested over and over again."

Luque stated they cannot put a crossing guard at that intersection since there is no crosswalk, something he said they would need to work with the city to implement.

"This incident is still under investigation and from what I understand distracted driving is a key piece. But I do have a few referrals to make in response to this tragedy," said Vice Mayor Andrae Gonzales during the City Council meeting Wednesday. "There have been a number of requests related to problem intersections in our community."

"I think this will not only provide good information for the public, but it's also a way for us to generate more transparency and accountability for what we do within the city."

Ultimately, Richie's family says they will not stop asking officials and the community to make changes, no matter how long it takes.

"This is a horrible thing and we don't want this to happen again to another family, so we just want safety for the streets."

No arrest has been made in regards to Richie's death.

Superintendent Luque said he plans to hold a community listening session at Roosevelt Elementary on October 30.

Subject shared her sister's post. Hey family and friends I'm making this post with a really heavy heart ☹☹ I'll be reposting a few days before the court date to remind you guys of it too. But on April 30th at 9Am Judith Deval, the lady that killed my son for being on her phone, has court. My family and I wants to be there early and protest so the DA doesn't give her a deal! The least she can do is do her time for taking my son's life! She doesn't deserve a plea deal, these distracted drivers are killing people every fucken day it's seems and it's about time the system starts doing they're job. Judith Deval deserves to do her time and pay for her consequences. Driving and being on your phone is against law....Period!!! RITCHIE was only 8 years old and had his whole life ahead of him, he and we deserve justice! Mark your calendars and go show Some love and support for Ritchie. thanks and keep Us in your prayers ☹☹ Justice 4 Ritchie ☹☹

Subject is quoted in a news article regarding a new crosswalk. New crosswalk near Roosevelt Elementary following 8-year-old boy's death BAKERSFIELD, Calif. (KGET) — A new crosswalk is now in place outside Roosevelt Elementary School in Bakersfield months after the death of 8-year-old boy Ricardo Aguilar, as well as demands by parents for improved traffic safety measures near the school. None of the bright yellow markings of the crosswalk were there when Ricardo was hit and killed last October. He just had to cross that street to make it home, but he never did. Woman was on cellphone when she hit, fatally injured 8-year-old in central Bakersfield crash: report "It's unfortunate it had to take a child's life for them to take action on something like this. They should've done this a long time ago," said Christina Aguilar, Ricardo Aguilar's aunt, in response to the new street markings that accompany her nephew's memorial. Aguilar said the family has been grappling with loss and the fight for safer streets near schools. "For us, it's a little too late for them to do anything because our child is gone already," Aguilar said. "But hopefully it doesn't happen to another family again." On Oct. 16, Ricardo Aguilar was crossing the intersection of Bank Street and Holtby Road when he was hit by an alleged distracted driver. "We would like to see safety not just here but in all school areas," Aguilar added. A spokesperson for the City of Bakersfield said it cost \$4,000 to paint the crosswalk. Roosevelt Elementary is part of the Bakersfield City School District. The superintendent said in a letter to parents: "This is a significant step forward in improving pedestrian safety for our Roosevelt students and families." Starting Thursday morning, a crossing guard will be stationed at the intersection. "I feel bad because it took a life to get a crossing guard here. I feel bad," said Lucio Hernandez, who has been a crossing guard at Roosevelt Elementary for nearly a year. He manages the intersection of A and Bank Streets, a few blocks from the new, overdue crosswalk, as he called it. "I go out on the crosswalk to make sure I go out there, before the kids go out there. Cause I want to make sure no kids get hit," Hernandez said of his job. Hernandez calls himself a walking stop sign and is one of now-four crossing guards at Roosevelt. He said he usually works from 7 a.m. to 8:30 a.m. when kids go to school, then from 12:30 p.m. to 3:15 p.m. when they leave. "It'd be nice if they put a sign that says speed limit 25, school zone 25," Hernandez said. "Common sense right there, school zone. Speed limit is 25, not 40, not 50, not 60."

Ouch, get some purple shampoo and start using it. It might can help you. Or buy a toner (if they are unwilling to fix it)

Tennessee Missing and Unsolved

June 17 at 10:03 AM · 🌐

This child went missing from a hotel while in the custody of CPS.

Serenity Verdin was 15 years old on March 5th, 2025, when she "vanished" from a hotel in Corpus Christi, Texas, during a CPS transport to TN.

Her aunt was told that she had run away, but when this same aunt requested proof, she was told that they could not provide it to her. She is reluctant to believe this story and is concerned, as they allegedly told her that Serenity could have taken off to Mexico. Her aunt says that they have no family or direct connections to Mexico, and there is no reason Serenity would choose to go there. Serenity has not reached out to her aunt or any other family since her disappearance, only deepening her aunt's concern.

This leaves the question of why this child was at a hotel in Corpus Christi, TX, and why she was being transported to TN to begin with.

This is not a Texas problem or a Tennessee problem; this case should concern everyone regardless of location.

If you have any information regarding the whereabouts or disappearance of Serenity Verdin, please speak up.

Corpus Christi Police at 1-361-886-2600.

If you have information that you would like to share directly with her aunt, please send me a message, and I will forward it directly to her.
