To all you nosey people out there who want to know my business so badly.. Let me give it to you straight with no chaser. So regarding what has happened with my relationship, before you start to make assumptions. It's better that you get it straight from the horse's mouth. It's been really hard. Today I made the best decision for me and left the relationship 😞. To avoid drama and people getting things all twisted, I'll just give you the truth about what really happened. Unfortunately it has been a while since I've felt good about this relationship. It's been an amazing ride since day 1, that I won't deny. I fell in love deeply and completely, but I came to realize it was toxic, addictive and all around not healthy. I can't deny that we will still see each other but, even though it breaks my heart, we have to go our separate ways. ❤️

My relationship with Twinkies, Cup Cakes, Honey Buns, Ding Dongs, Ho Ho's, Mini Muffins, Brownie Bites and other assortments of cakes, cookies, and sweets has to come to an end! Like that's even Believable lmao. Strike 2

For those who thought I was talking about something (or someone) else, sorry to disappoint you! Hahahaha!!!

Now Copy and paste... with y'all's nosey lurking selfs!! Hahaha!!! Hahaha!! Hahahaha!! 🤔🤔

Well y'all here's the first cook on The Tramp, it's a little over cooked due to a temp gauge malfunction. Learned that the fire box will be replaced before the next cook hard to control the temp, to many air leaks. But over all I like the ole girl.

*****UPDATE***** Thank you for al the prayers for a P Ray Chee in some ways they have helped they did not save the life of this young warrior but they did let him pass on peace P Ray Chee is no longer in pain, he is riding next to his Native family ! P Ray is ridding the warrior horse this is what I see when I close my eyes. Pray was a great man, best friend, with a heart the size of Texas he would give the shirt off his back to a total stranger. He is now walking among his elders and the others that have fallen from this mass disease. He will stand tall and steady with in his head held high and his arms out as to welcome those that will follow. Please keep the family in your prayers as Prays brother is still with in the reach of Covid, he has been in a drug induced coma on a ventilator for the last 8 days. The doctors state he can and should recover but as we know this is in the Good Lords hands. once again thank you for the prayers !!!!

Well I was given the afternoon off today, City Beach and Scarborough Beach was just minutes away !! The folks here are very kind when they find out your from Texas evidently Texans are some what favored here. It's odd here in Australia one minute the sun is shining then you will see a Rainbow and poof it's pouring rain!! But only for a brief amount of time. It's still pretty Chilly here so no getting in the water but here are some amazing pictures!! This is Geographe Bay at the Indian Ocean !!

So the fellows at the plant took me to an Australian Footy Ball game. Nothing like how we play but it was pretty damn cool and our team won the West Coast Eagles ☐ 18 players on the round field at all times no formations, just a lot of bopping the ball and kicking

So we're in Joplin Mo, and we pull up to hotel and see this !! There's about 30 Harleys and there on a trip from Chicago to California. This folks are from Croatia, France, England all over the world. They booked the trip on the web site www.eaglerider.com and don't even know all of the group, 14 days all inclusive with a guide and a follow truck for your luggage. This really looks like a blast!! They come together as strangers and leave as friends.

Today's not so much of a room with a view is brought to you by Warsaw Poland, only 2 more countries and 2 more states to go and I will be to the next leg of this trip. Today I'm off to Helsinki Finland for an overnight, then London Heath Row (2 hours) to JFK (2 hours) and then to Raleigh North Carolina, finally from there I'll drive to Danville Virginia. This has been a crazy trip but my customers are extremely pleased and I am a bit tired !!!

Here's another one for Poland !!! OK, as a connoisseur of Chef Boyardee, mini and regular ravioli, I was intrigued when I seen on the menu duck ravioli I was excited.I must say from the dandelion greens that is topping it the black sesame seeds to the sautéed duck and the wonderfully cheese, stuffed raviolis, This meal was amazing 10/10.

Man this seems like a life time ago, what a team !! We managed to push that ole truck over 200 mph. I was able to run the truck at ECTA and succeed to set a record in A/UDT at 157.177 that was retired that day so I was able to retain it for life. Hats off to the man that's no longer with us Robert Robbie Danial that built the head, Kirk Manuel for allowing us to be a part of this dream. Al wise, Nitrous Express, Gear Vendor over drive, Fass Fuel, Hot Rod Magazine, industrial injection, NADP and many more. But a huge thanks to you Greg Hogue for bringing it to the table and and running logistics and of course for driving the first run at Hot Rod Drag Week.

After a 3 hour drive that was only 68 miles we have arrived in Itapiranga for an install at JBS. The road was twisting and turning all the way, the Uruguay river separates us from Argentina. Home for the next 10-12 days. We received our first Brazilian labor security certificate.

So after a rough start to the week, the town that I'm in here in Brazil is called Itapiranga it a German town. They had a wonderful celebration of October fest. There were literally 2k people that attended and not one fight, no gun shots nothing. People dancing with small children and the elderly, not one altercation was seen. Truly amazing!!

No was no statement on hotel web site stating there is on going construction, I made these reservations in a area where rooms are few and far between so once I was told of the construction there were no other rooms available.

I stay with Hilton exclusively all over the world and have never been not told of on going construction when checking in.
