Okay I think it's ridiculous that people are judging me for my PAST and because I was on backpage. My apologies that it makes you uncomfortable. It makes me uncomfortable too. Sorry I'm not fucking perfect like you and never did drugs aside from smoke weed and have a wonderful life. I have a fucking disease. I'm a fucking addict. I did what the fuck I had to do. Also, addict or not I was trafficked. I was fucking forced. Yeah, sure I make jokes about it. But its MY past. And if I'm not laughing about it I'm crying. Some women were on BP or CL, some would grind on men in strip clubs for cash or the bar for a drink. Some walked the street, some walked the casinos. Some only "dated" people that were the connect. Guys do some dirt, even straight guys have sold their ass. If it's a non addict judging you- they don't understand the irrationality of addiction. If it's another addict judging you- they got their own shit to accept and they can fuck off- they are being malicious. Those that matter don't mind, and those that mind don't matter.

Stick with people that support you. If you have to go to work and get judged I would advise not to tell people much about yourself unless you really feel safe with it. After a while you won't feel any different than anyone else except for being a survivor. We're all equals and unfortunately alot of people gotta judge. But in my opinion they're the sick ones.

Fuck off you have no fucking idea what the he'll you're doing about. Yeah you may [sometime] make the choice to do the drug for the first time, some people are in fact forced. But you never fucking chose to become addicted and live that life. Addicts have a different chemical in their brain they don't think like normal people do. They don't know how to say no they don't know when to stop. Maybe it's easy for you but not others. Stop talking on things without first getting facts.

The disease argument is valid.
But see it's a stigma. Addicts r junkies.
While yes, there r just garbage ppl in the world who wake up and decide to try heroin...
Most addicts start with prescriptions from doctors.
Who didn't choose that

You gotta know all the circumstances in that person's to life, to be able to call judgements like oh, u made a choice, or be like damn, ur doctors really ruined ur life
No 2 addiction cases r the same.
I know women who were kidnapped and forced into using drugs n sold for sex. I know they didn't choose that.

Mine started when my best friend tragically passed away. My Dr gave me Xanax. Every month more. Cuz I was dealing with it so bad. My husband left. I had post partum. Then my grandma died. Xanax to norcos. Norcos to heroin. Over a year period of time.

Okay I'm not exactly sure WHOM is saying that I'm getting high but I was told people are saying that I think it's funny whoever believes that bullshit fucking lie. Because I don't go to Macomb meetings anymore that means I'm getting high? That's dumb as fuck. I live fucking 70 miles from there so no I'm not going to go to a meeting and get stranded that's the whole reason I don't even sometimes go to meetings there because whenever I do my plans get fucked and I'm stranded. Not to mention the meetings there usually are unhealthy. This is why I don't talk to anyone because they speak on things they know nothing about. Those of you who actually know me know damn well I'm not fucking using. Thanks.

Don't even worry about it 😊 I live in Pontiac and don't go anymore and have almost 2 yrs clean! I gave up caring what ppl in the NA community think out in macomb county.. it's just a bunch of childish adults that wanna judge each other anyway

People were supposedly saying they saw me at a local bar drinking all the time (which made me wonder how they'd be able to see anyone there all the time if they were truly clean....) It bothered me for a hot second, then I remembered it's my recovery, not theirs, and I only need to be concerned with whether or not I was being honest to myself and living honestly. May 8th I'll have 3 years, whether people believe me or not

My motto is if they are talking about me, they are leaving someone else alone. Don't worry about what other people say. If they had the perfect life they would be where they are.

I concur, you're going to find good and bad everywhere! But that doesn't mean there aren't sincere, genuine, authentic people in recovery in Macomb County! At the end of the day if you're secure with yourself, and you know your truths, what other people say won't matter!

If you post constant hoe statuses you'll just get treated like one. Then you can't really be mad at people for treating you like a hoe and get defensive. Your vibe, attracts your tribe.

I really don't understand why girls think because you have a kid with someone they're obligated to stay with you forever and if they don't that makes them a deadbeat. Not taking care of your child makes you a deadbeat.smh AND IF THE DAD TRYING TO SEE HIS BABY AND YOU WON'T LET HIM THAT MAKES YOU THE DEADBEAT SMH

I really don't understand why girls think because you have a kid with someone they're obligated to stay with you forever and if they don't that makes them a deadbeat. Not taking care of your child makes you a deadbeat.smh AND IF THE DAD TRYING TO SEE HIS BABY AND YOU WON'T LET HIM THAT MAKES YOU THE DEADBEAT SMH

Sad Christians family thinks just because he helped create Jakob he's his father. It takes more than dumping your load in someone to make you a father. You have to actually see the child and help raise and support them and be there in their time of need not just once a year or whenever it's convenient for you.

It really genuinely breaks my heart how little Jakob's dad cares about him. Yesterday Jake told me he hates me because he wants to see his dad so I sat him down and we had a conversation I explained that if he wanted to see him and be in his life then he would. He's the one that has me BLOCKED ON EVERYTHING. Not the other way around. He changed his number not me. I dont even know where he lives or how to even get in contact with him. I explained I'm not keeping him from his dad and I asked him when's the last birthday party your dad was at or Christmas or holiday you saw your dad and he said he can't remember. You don't remember EVER seeing your dad on a holiday or birthday or anything ever. That's NOT my doing. He was entitled to see him EVERY OTHER WEEKEND and didn't. EVER. But blames me ☹️am in wrong? I don't know. But I told my son the truth because he deserves to know and because I'm sick of being blamed. WHY his father never makes an effort to see him? I have no idea. But it genuinely hurts that he dosnt.

As he gets older and understands more he'll realize that your not to blame for his dad not being around and that its his dad's choice not to be in his life. Just keep doing what your doing He'll realize eventually your not to blame.

Lindsay Anne i think when one parent isn't around they tend to blame the other one sense they don't know any better or think that the reason the other parent isn't around is because of the other one.

Subject's post regarding her sobriety. Caption: 7 fucking years...7 years ago I was broken..I was completely lost. I walked through the doors of NA with no idea it was going to save my life. I walked through those doors, not knowing about this new way of life. Today, I'm growing. I'm finding myself. I'm starting to love myself. Today, I'm proud to say I'm a grateful recovering addict at the age of 32 with 7 years clean. 7 years of continuous recovery.I definitely could not have done it without you all. You guys have been there for me through the deaths of my best friend,the love of my life and so many others. probation, the loss of my grand mother, a horrific car accident where I nearly died, and so much more... Subject created a change.org petition to "Ban Alcohol in Michigan to Reduce Drunk Driving and Promote Public Safety." In this petition, Subject shared her and her husband's alcohol addiction.

Ban Alcohol in Michigan to Reduce Drunk Driving and Promote Public Safety

Decision Makers: Gary Peters +2

The Issue

As a recovering addict, I know firsthand the struggle of living in a society where alcohol is so freely available. My husband shares this struggle. Every day, we face the fear of relapse due to the easy accessibility of alcohol. Liquor stores are at every corner, prioritizing profit over public safety.

Michigan has seen an alarming increase in drunk driving incidents and deaths related to alcohol consumption. Disorderly conduct arrests associated with alcohol use are also on the rise. This is not just about personal struggles; it's about community safety.

According to data from the Centers for Disease Control and Prevention (CDC), there were 2,752 people killed in crashes involving a drunk driver in Michigan between 2003-2012. This isn't just a statistic - these are lives lost prematurely due to preventable circumstances.

According to data from the Centers for Disease Control and Prevention (CDC), there were 2,752 people killed in crashes involving a drunk driver in Michigan between 2003-2012. This isn't just a statistic - these are lives lost prematurely due to preventable circumstances.

By banning alcohol, we can significantly reduce these numbers and move closer towards creating safer communities for everyone - including those battling addiction like myself and my husband.

We urge lawmakers to consider this petition seriously - for our safety, our health, and our future. Please sign this petition if you believe that banning alcohol in Michigan will bring us closer towards achieving these goals.
