Findings:

Before DOI, Subject's online activity reflected a lifestyle focused on personal development, cosmetology, beauty services, and family engagement. Posts include professional content advertising her lash and brow services, frequent selfies, and various personal moments, such as time spent with family and friends, birthday celebrations, and travel. Several years of activity show consistent social engagement, including boudoir photo shoots, personal commentary on legal issues, cannabis reform, and humorous or expressive memes. Her relationship with her family, particularly her mother, appears close and affectionate based on repeated appearances together in photos and celebratory posts. A civil traffic violation for speeding was also documented in late 2022. There were no references to pregnancy, medical concerns, or limitations in

physical activity leading up to the DOI.

After DOI, a substantial and detailed digital record emerges documenting the infant's life and development. Immediately after birth, Adonis was admitted to the NICU due to breathing issues, where he was monitored and connected to medical equipment. Despite these initial complications, posts from Subject and her family report that Adonis was stable, responsive, feeding from a bottle, and gradually removed from tubes. Over the next several weeks, family members shared photos and videos of Subject, Adonis, and relatives visiting, holding, and caring for the infant.

As Adonis developed into a toddler, a steady stream of photos and videos documents major milestones, including tummy time, first bath, smiling, giggling, holding his bottle, and teething. By mid-2023, Adonis is shown engaging with family, using a walker, wearing a cranial helmet, playing with toys, and appearing in various family settings such as holidays, birthdays, and everyday life. Several videos show him sitting up, bouncing, being fed, and interacting with others. Posts from Subject and her mother express affection, pride, and attentiveness to his care.

The online presence, the majority of which after DOI was found on the accounts of Subject's mother, reflects active family participation in Adonis' care, consistent developmental progress, and normal toddler activities, including crawling, standing, and playing. An extensive search of Subject and associates' social media accounts found no references to or any documented mention of the alleged injuries, medical treatment, pain, or limitations following DOI in the available content.

Three court filings are noted post-DOI in Florida: a medical extension case initiated by Subject in September 2024, a paternity case filed in December 2023, and a civil eviction case involving Subject, her father, and the Crestview, FL property in May 2024.

Property Records:

According to the background search, Subject's current address is 7400 W Flamingo Rd, Las Vegas, NV 89147, as recently as 5/23/25. Property records indicate Subject is not the owner.

The background search also indicates Subject's current address as of 1/29/25 is 5088 Yacht Harbor Cir, Pensacola, FL 32514. Property records indicate Subject is not the owner.

Recent pictures indicate Subject's current address is 5294 B Cavalier Dr, Crestview, FL 32539. Court records (voluntarily dismissed eviction) show Subject lived there as recently as 6/20/24.

The last 2 years of Subject's address history are included in the report.

Thank you for being everything I've ever needed in a best friend. There isn't a chance in hell I could have made it through this year without you. I will never be alone as long as I have your beautiful presence in my life. I can never say thank you enough for our friendship. I love you

Subject pictured with her mom in a Mother's Day post. Happy Mother's Day to this gem. My ride or die. You always been down for me. Always had my back before I even had my own. Never showed me how hard you had it in life. Always made sure I was straight. Always showed me love and support through my good and horrible times. We both crazy, but you've showed me unconditional love through it all. Thank you for loving me and dealing with my moody ass. I appreciate you and I'll continue to show my gratitude til the end of time. Love you momma, even when the sun don't shine. ❤️👍

The most recent activity on Subject's account is a meme about breast feeding. Word Public breast feeding.. Unless you're spraying milk in my face, while singing 'My milkshake brings all the boys to the yard' Whilst I am enjoying my sausage and egg McMuffin it's NOT gross, wrong, disgusting, immoral, perverted or obscene. It's just a fucking baby having something to eat.

A photograph of a woman and two children in a living room, surrounded by Christmas gifts. The woman is kneeling on the floor, holding a large, colorful gift box. A young boy in a green and red Christmas sweater is sitting on the floor to her left, also holding a gift. A younger child is sitting on the floor in front of her. The room has a tiled floor, a grey leather sofa, and a decorated Christmas tree in the background. Various gift boxes and bags are scattered on the floor.
