Subject's post advertising Aaron's Table And Wine Bar. Come have some fun with me and the TEAM for SuperBowl Sunday free shots of my choice at half time ☺☺☺☺☺☺☺☺☺☺ If any of my friends would like to donate gift cards or gift baskets for the raffle I would be very happy, i can arrange pickup !!! Tickets sold in advance at the bar. Tickets are \$40 which includes Noble Blush, select wines, and a buffet during the game only. We are donating \$5 of each ticket to the Sex Trafficking Heroes of Palm Beach. Bring cash to buy raffle tickets and plan to stay late as our band starts at 9:30!

When this happens, it's usually because the owner only shared it with a small group of people, changed who can see it or it's been deleted.

Anyone that has met my dad (Kenny Irizarry) would know that he's an independent hard working man that would give the shirt off his back to help you. He needs help right now he will be out of work for over 12 weeks due to a c2 cervical fracture in his vertebrae. A little back story about my dad.... 13 years ago my father got extremely sick and almost died. He was sent to Yale new haven hospital and found himself fighting for his life. After 3 years living in nursing-rehab center he was able to get strong enough physically to get back on his feet however it left him permanently disabled. This never stopped my father. He continued to pray and grow his faith with God and heal. Until last week my dad was working 3 days a week and walking 2 miles a day despite his physical challenges. He baby sat my son 2 days a week loved walking my dog and his biggest joy was watching my son win gold

Subject post dedicated to her former employer's passing. Praying that your family finds peace ☹️☹️ You were a pain in my butt most of the time but I loved you anyway! Aaron Fuller Full of life, very talented, always smiling and you loved putting on a show!!! I often had to kick you out of your own place, if I could do it again I would do it all over. You never forgot to say I love you when you leave the building. You loved your family, loved everyone and had a big heart. I will always be grateful for the opportunity you gave me to work for you! Unfortunately addiction was a tough battle for you to beat!!! Rest In Peace now, you are no longer in a battle ☹️

JUPITER, Fla. (CBS12) — The Jupiter Police Department (JPD) released the incident report of the electrocution at Harbourside Place, that killed a father of four.

The report details what law enforcement discovered on October 22, and the investigation that happened after.

The Jupiter Police Department (JPD) released the incident report of the electrocution at Harbourside Place, that killed a father of four, CBS12's Luli Ortiz reports. (WPEC)

Initial Report

Officers were dispatched to 149 Soundings Avenue by the event's stage at Harbourside Place at 3:33 p.m., the supplemental report stated. When officers arrived, they were met with an unconscious man lying by the fountain receiving chest compressions from a waitress — 38-year-old **Thotyelwa Mhlakaza-Faust** — at the scene. The officer who took over the compressions until Palm Beach County Fire Rescue (PBCFR) arrived noticed the man did not appear to be breathing or have a clear pulse.

The officer spoke to one of the survivors, 49-year-old Seth Kozak, at the scene who said his friend, **45-year-old Nathaniel Davenport**, was possibly electrocuted in the fountain, rescuing his children who were also being shocked in the water. Kozak said the power was shut off by a bystander.

Officers spoke to more witnesses who told them they heard screaming and yelling and saw Davenport pull an unresponsive child from the fountain just before he himself became unresponsive. That's when Kozak pulled him out of the water moments later.

Another pair of witnesses — 47-year-old Robert Fislser and 45-year-old Jennifer Fislser — told investigators they were having lunch around the corner when they heard children screaming over by the fountain. The couple ran over to help, Robert, Mhlakaza-Faust and Kozak attempted to pull Davenport out of the fountain until they were also shocked. Jennifer found an emergency power switch and was able to turn off the power to the fountain, allowing the others to pull the unresponsive Davenport from the water.

Surveillance Report

In the report, JPD detectives obtained surveillance video on October 23, from cameras facing the fountain. At 3:29 p.m., three children began playing in the fountain, and less than a minute later the two boys appeared to be face down in the water. A minute after the boys fall into the water, Davenport jumps into the water to save the kids. Tragically, Davenport immediately collapses in the water and ends

Tragically, Davenport immediately collapses in the water and ends up on his back before he is able to get to one of the boys.

A family friend and father of one of the kids, Kozak, tries to pull Davenport from the fountain but is also shocked. He then attempts to pull his son from the water but gets shocked again, this time falling into the fountain. Kozak tries to lift himself out of the water and one of Davenport's kids tries to help Kozak only for him to get shocked in the process. In the report, the video shows the child trying to help the man, but quickly lurching back as if he was shocked.

Kozak is able to pull himself out and grab his son, who is still face down in the water, the report states. He immediately begins chest compressions on his son. Other people rushed to pull Davenport from the fountain where he was also given CPR.

After the Incident

Five minutes after the children went into the water, officers arrived at the scene and took over CPR on the unresponsive victims. Three children were taken to St. Mary's Medical Center, and Mhlakaza-Faust and Davenport were rushed to Jupiter Medical Center.

An hour after Davenport arrived at the hospital, he was pronounced dead by Jupiter Medical staff. On October 25, detectives say the Medical Examiner's Office listed Davenport's cause of death as an electrocution and the manner as accidental.

The survivors of the electrified fountain — including the children — were interviewed by detectives to get a firsthand account of what happened that day. Each person stated they felt a shock the moment they entered the water.

Detectives spoke to Davenport's wife. Amy, at the hospital who told

Detectives spoke to Davenport's wife, Amy, at the hospital who told them she was not at the scene when the electrocution took place. Instead, Davenport's three kids and Kozak's son were at the scene of the electrocution.

Detectives then spoke to Mhlakaza-Faust at Jupiter Medical Center; she told them she was the waitress for Davenport and Kozak who were sitting at the outside bar area of The Jupiter Grill. She went to check on the two men at one point and noticed they had both left their seats, but their phones and wallets were still on the table. She then began to hear the commotion by the fountain and noticed the scene occurring. She ran over to help and jumped in the water to help Davenport but was immediately shocked. She was able to get out after she was shocked.

Detectives reported they spoke to two companies, the one that originally built the fountain 10 years ago and the company that currently maintains the fountain. According to the report, the companies are not directly connected to the electrocution.

According to the investigation report, on October 24, investigators were contacted by 38-year-old Dina Fleck. She told investigators that on July 10, she and a group of 15 people were at the fountains and splash pads on Harbourside Place after getting off a Pontiki boat. She sat down on the wall of the fountain and put her hand in the water when she was suddenly shocked. Other people in the group also touched the water to see what was happening and they confirmed they were shocked as well.

Fleck said she, "felt like a stinging vibration on her feet and legs."

An employee was notified of the incident, but Fleck told the detective the employee was dismissive of the situation.

Fleck was able to share pictures taken from July 10, as well as screenshots showing the date they were taken. The photographs show a wire sticking out of the water, according to the report.

"That would be a red flag. There should not be wires sticking out anywhere, especially not electrical wires," forensic electrical engineer expert Mark McFarland with Discovery Engineering told CBS12 News. McFarland consults on civil and criminal cases nationwide. "Whoever is investigating this case would want to find out what that is, how it got there, why it was like that. That's a lot of questions."

McFarland explained what causes an electrical shock in the water.

"A ground fault, where there's not a proper grounding and the electricity exit can't find its way to ground, so it ends up either in the fountain or in a spot that people can get hurt," he said. "With these fountains and outdoor installation around water like swimming pools, there can be a risk of people getting hurt if its not installed correctly, installed to code. Sometimes there's modification that are made, even maintenance, or people may be doing maintenance somewhere and may disturb something or disconnect something. A lot of different problems can happen and there are codes, rules, that govern how these things are installed and maintained to keep everyone safe."

Subject mentioned in an article titled "Harbourside Place Electrocution: Understanding Legal Implications"

Jupiter, FL October 22, 2023—In an electrocution incident at Harbourside Place, one person lost their life trying to save a child who fell into the plaza fountain; while several others were injured. Tragically, onlookers who attempted to intervene became victims themselves due to alleged electrical issues.

Graver Law Personal Injury Attorneys expresses its deepest condolences to the victims and their families during this difficult time. As a former visitor and guest of Harbourside Place, Founder and Trial Attorney James Graver spent time by that very fountain with his own children on multiple occasions. This blog post seeks to shed light on this tragic incident and discuss the potential legal implications surrounding it.

A tragic incident at Harbourside Place:

Officers were dispatched to Harbourside Place on that fateful Sunday at 3:33pm. The fountain behind the children's splash pad on the north end had become the site of a devastating event when Nate Davenport, 45, was electrocuted while pulling his children out of the fountain.

Officers arrived on the scene to find this man lying unconscious by the fountain and receiving chest compressions from a waitress, Thotyelwa

Rec

fountain and receiving chest compressions from a waitress, **Thotyelwa Mhlakaza-Faust**, 38. The officer then took over the CPR until Palm Beach County Fire Rescue arrived.

That same officer also spoke to Davenport's friend, 49-year-old Seth Kozak, who told him that the children were also being shocked. Furthermore, Kozak said the fountain was shut off by a bystander.

As a result, PBCFR transported three juvenile patients to St. Mary's Medical Center in West Palm Beach with pediatric trauma alerts. Additionally, an adult victim, now known to be their father, was taken to Jupiter Medical Center.

The incident prompted a coordinated response from local agencies and underscores the need for reasonable safety protocols in public spaces. Since then, local authorities have been collaborating with Harbourside Place's owners and Florida Power & Light (FPL) to investigate the exact cause.

Harbourside Investigation and Updates:

The purpose of on-site investigation is to collect information and document conditions while determining a root cause analysis to determine the cause(s).

The town of Jupiter Building Department began an inspection that discovered that some light fixtures in the fountain were leaking electrical voltage, rendering the "fountain unsafe."

Then, in a 74-page letter to Harbourside Place dated November 6, Jim Brown, Interim Building Official with the Town of Jupiter writes "The electrical system for the fountain is declared unsafe. The letter also reiterated that the electrical system for the interactive water fountain should remain powered down until a cause was found.

More specifically, it called for a system evaluation to be conducted by a State of Florida licensed professional and for a repair to be designed and implemented; or for the fountains to be demolished."

Currently, the fountain sits drained and tarped.

The Importance of Safety Measures at Harbourside Place:

The Importance of Safety Measures at Harbourside Place:

Determining whether appropriate safety measures are in place is an important part of every investigation; especially when there are severe injuries reported or loss of life.

Inevitably, investigators will be looking at a wide array of things from maintenance records to safety test records and even signage.

For example, signs on the property and near the fountain included:

A fountain and splash pad rules sign, which specified no swimming, climbing, or diving.

Moreover, an investigation into how the alleged electrical problem occurred is still ongoing at this time.

Unfortunately, this tragic incident serves as a reminder of the critical role regular and routine safety measures play in preventing accidents and injuries.

The Path Forward:

As the investigation continues and more information becomes available, there will be questions concerning liability and responsibility.

It's important for victims and their families to seek legal counsel to understand their rights and explore potential legal actions.

The fountain incident at Harbourside Place serves as a stark reminder of the importance of safety measures in public spaces. While the investigation unfolds, our thoughts are with the victims and their families.

16. The primary and/or lead investigator for the Jupiter Police Department for this tragic incident was/is Detective Daniel Bigtree. On Page 8 of the *Incident/Investigation Report*, Detective Bigtree stated the following:

On 10/22/2023, I, Detective Bigtree #1225, was contacted by Sgt. Hammil in reference to an incident which occurred at 149 Soundings Avenue (Harbourside Place), in which several people were possibly electrocuted in a fountain. Sgt. Hammil advised three juveniles were transported to St. Mary's Medical Center and two adults were transported to Jupiter Medical Center. Prior to my arrival, one adult male victim, later identified as Nathaniel Davenport (W/M [X/XX/XXXX]), was pronounced deceased. Davenport was pronounced deceased by Dr. Brooks at approximately 1628 hours.

17. On Page 8 of the *Incident/Investigation Report*, Detective Bigtree also stated:

I made contact with the Palm Beach County Medical Examiner's Office (M.E.) and spoke with Investigator Saccone. After being provided the information, he advised me the M.E. would be investigating. Keith Rider with removal Transport Service of Broward responded and took custody of Nathaniel Davenport.

18. On Page 9, Detective Bigtree further stated "On 10/23/2023, the Palm Beach County Medical Examiner completed their autopsy."

19. On Page 10, Detective Bigtree additionally stated "On 10/25/2023, I received the cause of death report from the Medical Examiner's Office. The report notes the cause of death as electrocution and the manner of death as accidental."

20. The Plaintiff/Petitioner, AMY DAVENPORT, is the surviving spouse of the decedent, NATHANIEL A. DAVENPORT.

1533 hours, I was dispatched to an accidental injury, with an unresponsive male at 149 Soundings Ave., Jupiter (Event's Stage). I arrived on scene within minutes of the call being dispatched, and observed an unresponsive male laying in front of the event stage's water fountain. B/F Thotyelwa J. Mhlakaza-Faust [X/XX/XX] was administering CPR to the male, later identified as W/M Nathaniel A. Davenport [X/XX/XX]."

21. B.D., J.D., M.D. and M.D., are all minor surviving children of the decedent, NATHANIEL A. DAVENPORT.

22. In addition to personal injury claims and other claims that will be brought as a result of the electrical shock and electrocution that took place at Harbourside Place on October 22, 2023, a wrongful death claim will be brought and/or initiated for the wrongful death of NATHANIEL A. DAVENPORT and pursuant to the Florida Wrongful Death Act.

23. §768.17, Florida Statutes⁴, states "It is the public policy of the state to shift the losses resulting when wrongful death occurs from the survivors of the decedent to the wrongdoer."

24. In addition to the Jupiter Police Department doing an investigation of this tragic incident and/or occurrence, the Jupiter Police Department also requested that the Town of Jupiter Building Department's Electrical Inspector and Town Electricians conduct an inspection of the fountains located at Harbourside Place (the Town of Jupiter Building Department's Letter of Unsafe Structure dated November 6, 2023 (11/6/2023) is attached hereto as "Plaintiff's Exhibit A"). Such inspection was requested and performed to determine if the site posed a hazard. Such inspection was conducted on October 23, 2023.

25. In its letter to Harbourside Place, LLC, the Town of Jupiter Building Department stated the following:

The inspection was requested by the Town of Jupiter Police Department to determine if the site posed a hazard. It was discovered that some light fixtures in the fountain were leaking electrical voltage. The electrical system for the fountain is declared unsafe in accordance with the Florida Building Code local amendments 116.

⁴ §768.16, F.S., further states "Sections 768.16 – 768.26 may be cited as the "Florida Wrongful Death Act.""

26. Further, such letter from the Town of Jupiter Building Department to Harbourside Place, LLC also set forth the following:

The electrical system for the interactive water feature (fountain) shall remain unenergized until the electrical system is evaluated by a State of Florida licensed professional and a repair is designed and implemented or the fountains are demolished. Building permits and inspections are required for the repairs or demolition of the fountain. Permits must be submitted within 90 days of the date of this notice.

27. The undersigned attorney for the Plaintiff/Petitioner, AMY DAVENPORT, has previously advised counsel for Harbourside Place that he wants to and intends to have experts and consultants inspect, examine, investigate, measure, photograph and videotape the subject fountain at the amphitheater in its current condition.⁵

28. As of the filing of this Complaint and/or Petition for a Pure Bill of Discovery, the undersigned attorney has not been provided with a date that an inspection of the subject fountain, its light fixtures and its electrical system can take place.

29. The Plaintiff/Petitioner, AMY DAVENPORT, and her four minor children, as injured victims and/or as the survivors of NATHENIEL A. DAVENPORT, would be greatly prejudiced if the subject fountain, its light fixtures and/or its overall electrical system were repaired or demolished without them having had the opportunity to perform the requested, needed and necessary inspection.

⁵ The undersigned attorney for AMY DAVENPORT has sent letters of representation and evidence preservation letters to numerous entities following this tragic incident. In addition, the undersigned attorney for AMY DAVENPORT has e-mailed and sent letters to Ryan Schoeb, Esq. requesting dates for the inspection of the fountain, its light fixtures and electrical system.

30. Repairs to or demolition of the fountain, its light fixtures and/or its overall electrical system would greatly and seriously impair and prejudice AMY DAVENPORT's and her four minor children's ability to pursue and prosecute personal injury claims, wrongful death claims and all other claims for the losses, injuries, pain, suffering, mental anguish and all other damages suffered by AMY DAVENPORT and her four minor children as a result of the incident/occurrence of October 22, 2023 at Harbourside Place in Jupiter, FL.

Rich Faust Obituary

Richard Harold Faust, 72, of Ormond Beach, Florida, passed away on Tuesday, October 22, 2024, leaving behind a legacy of love, kindness, and cherished memories.

Born on May 19, 1952, in Somerville, New Jersey, Richard grew up to become a proud graduate of Seabreeze High School in Daytona Beach, Florida, Class of 1970. He was awarded a basketball scholarship to Lambuth College in Tennessee, a testament to his athletic prowess and dedication.

On June 21, 1975, Richard married his high school sweetheart, Alice Dawn Simpson, in Daytona Beach, Florida. Together, they shared 49 incredible years, building a life filled with love, laughter, and adventure. Their bond was sealed with a special saying of "together forever," a vow they cherished until the end.

Richard's passion for woodworking and carpentry led him to a successful career spanning over 50 years, with stints at local cabinet companies and self-employment. His dream of building a home for his family became a reality in 1999, when he and Alice purchased a piece of property. With the help of loved ones, they brought their vision to life, creating a warm and welcoming haven for generations to come.

A devoted member of Oasis Christ Fellowship (now Oasis Church) in Ormond Beach, Richard's faith was an integral part of his life. He was also an avid enthusiast of basketball, golf, guitar playing, and woodworking. His love for movie and music trivia often led to lively quizzes with family and friends, who marveled at his vast knowledge of quotes and lyrics.

Richard is survived by his loving wife, Alice Faust; their children, Jennifer Baker, Stephanie Faust, Rebecca Garrett, Caroline Durbin, and Richard Faust; his grandchildren, Thor Lindsey, Nicole Waters, Jordan Whealen, Hailey Garrett, Musa Mhlakaza-Faust, Kaitlyn Durbin, Alexander Busch, Danica Garrett, Kimberly Rosenberry-Faust, Emily Durbin, and Savannah Mhlakaza-Faust; his son-in-laws, Corey Baker, Adam Garrett, and Joshua Durbin; his daughter-in-law, Janet Mhlakaza-Faust; and his siblings, Paul Faust, Jean Dick, and Robert Faust.

Although his parents, Paul Wescoe Faust and Helen Jean Faust, passed away when Richard was in his twenties, their memory lived on through the stories he shared with his family. He often spoke fondly of his mother's culinary skills and the love she poured into every meal. Richard's family took comfort in knowing that his parents would have adored their children and grandchildren, had they had the chance to meet them.

Richard's kind heart, generosity, and unwavering love for his family and friends will be deeply missed, but his legacy will continue to inspire and uplift those who knew him.

A celebration of his life will be held on Wednesday, October 30, 2024, at Oasis Church in Ormond Beach, Florida. Visitation will be held from 10:00 AM to 12:00 PM with the service beginning at noon. After the service Richard will be laid to rest at Volusia Memorial Park.
