Article regarding Subject's involvement with MLM company QuiAri.

April 15, 2022 Press Release

10-Year MLM Industry Star Tonya McAdoo Joins QuiAri

QuiAri Promoter Tonya McAdoo from Texarkana, Texas is not new to the Direct Selling Industry. In fact, 10 years ago she joined a cosmetics company thinking it was a sales job. It was that opportunity that taught her what the industry was all about and has impacted her life in so many ways.

"I had no idea what I was getting into. There was no training, no one to show me how MLM worked. I was given some brochures and a starter kit and was told to 'just make sales.'"

It wasn't the best first impression of the Direct Sales industry, but it made me appreciate companies like QuiAri that take excellent care of their Promoters."

said QuiAri Promoter, Tonya McAdoo.

Tonya was introduced to QuiAri by her friend, Green Diamond Promoter, Sabra McCraw. They worked together in a previous MLM company. Sabra retired from the industry only to recently return to join QuiAri.

"We had both decided to take a break from the industry around the same time. I was working as a mobile X-Ray Technologist and Sabra was retired.

When she told me she joined QuiAri, I was both surprised and curious. Sabra is not the kind of person that would leave her dream lifestyle unless it was an amazing opportunity.

She sent me some samples, and I finally understood why she was so fired up about his company."

said Tonya McAdoo.

On the very first day, Tonya noticed a difference in her energy levels. She didn't feel the normal mid-afternoon slump, so she cleaned her house, cooked dinner, got laundry done, and took care of her

grandkids.

“QuiAri Shake was delicious and curbed my appetite, and QuiAri Energy worked exactly as promised. I have 4 adult children, 5 grandkids, 2 nieces, and a very active dog named, Piper.

I’ve never been able to keep up with everyone at the same time, but now I run circles around them! Plus, I lost 15 pounds just like that. The products are the BEST,”

said Tonya McAdoo.

Tonya joined QuiAri as a Promoter and continues having great success sharing QuiAri products and Opportunity. Unlike her first MLM company, QuiAri gave her all the tools needed to grow her business, including training, starting on her very first day.

“QuiAri has an amazing Portal. The Try. Love. Share Launch Plan is designed to teach me how to grow my business.

I have pre-made social media posts I can copy and paste into my own account, the World’s First Real-Time Free Tour Marketing System I can use to stay in touch with Prospects, world-class Opportunity Videos hosted by QuiAri Founder and CEO, Bob Reina, and more.

The support at QuiAri is beyond generous, and it’s all 100% free,”

stated Tonya McAdoo.

In addition to QuiAri’s robust Promoter resources, their generous Compensation Plan has also generated a lot of buzz throughout the industry. It’s the world’s fastest-paying Compensation Plan in ANY industry – not just MLM. Promoters around the world are paid commissions earned in just 5 minutes. How is this possible? QuiAri has a brilliant in-house I.T. department that executes the visions of Founder & CEO, Bob Reina.

If we can dream it, our I.T. Team can do it. You won’t find Same Day Pay or anything like our Real-Time Free Tour Marketing System because they are proprietary to QuiAri.

We were also one of the first to launch a company in over 200 countries worldwide. That took a little more than just I.T. magic. It was a team effort. QuiAri’s Corporate Team is the best of the best at what they do,”

stated QuiAri Founder & CEO, Bob Reina.

Tonya believes QuiAri’s Executive Team, led by Bob Reina, is the primary reason behind QuiAri’s rapid growth. With over 150 years of combined MLM experience, they are the masterminds behind the company’s expansion into markets that are often difficult to enter – even for some multi-billion-dollar companies.

“QuiAri is truly a global opportunity. QuiAri provides nearly all of their marketing materials in 6 different languages.

If I have a Prospect that only speaks Spanish or French, I'm able to send a Compensation Plan, Opportunity Presentation, and even many videos fully translated into their native language."

said Tonya McAdoo.

Tonya's dream for the future is to achieve QuiAri's top rank of Purple Diamond. Once she gets there, she plans on spending more time with her family and traveling more.

"I can work from anywhere with QuiAri, so I'd love to get out and see the world. all while promoting QuiAri products at every destination.

QuiAri has changed my life. I would never stop being a Promoter and give up the chance to help others do the same,"

stated Tonya McAdoo.

Did you know that we all have CB1 receptors in our brains ? These receptors are controlled by our endocannabinoid system, and it plays a huge role in how we interact with food. It's responsible for the dopamine that is released when we eat certain foods. It's what causes us to eat emotionally, and hormonally gain weight. It's the same receptors that give people the munchies when they smoke weed. These same receptors drive our cravings and cause us to overeat. This why it's so hard for many people to lose weight. What if I told you that we broke the code and figured out how to turn these receptors off. No more cravings. No more over eating. No more stress eating. No more hormonal cravings. No more hormonal weight gain. In trials it had an over 95% success rate. I lost 26 lbs my first 2 months on these products. This comp just launched and the results people are getting are incredible! You have to check this out! Drop me a comment or send me a message and I'll tell you how you can get started 📩📩

That is EXACTLY why I decided to go all in with this new company. When I first started out..I just wanted to earn free product...which you can do by getting 4 referrals. Easy Peasy!! But when you got something THIS good, you can't help but tell everyone you know. So yep! Bills was on SALE this month!! Pay all your utilities, get that CAR PAYMENT FREE sale this month!!!!!!👍👍👍

How come bills never go on sale?
Like rent 25% off or pay 2
electricity bills and get the next
one free.

🌟 TGIF, Moms of Grown-Up Kiddos! 🌟

Ready for some Friday fun, specifically tailored to YOU incredible super moms?! 🤗👩🏻👧 Today, let's dive into one of the biggest challenges you face daily: finding time for YOURSELF 😊👩🏻

🕒 Are your days packed from sunrise to sunset, filled with endless task lists and never-ending responsibilities? We get it! Here are some hilarious and relatable "Mom-o-Clock" moments:

- 1 Do any of you lock yourself in the bathroom just to enjoy a blissful moment of peace and quiet? 🤫 We won't tell if you bring a magazine or indulge in some video scrolling. Let's call it a well-deserved mom's timeout! 🧘🏻💆🏻
- 2 When's the last time you enjoyed a hot cup of coffee without reheating it multiple times or chasing after little ones? ☹️👶 We challenge you to find a secret coffee hideout this weekend, where you can sip your java uninterrupted. It'll taste like pure heaven! ☺️☺️
- 3 Ever dream of going grocery shopping alone, just once? 🛒👩🏻 We suggest designing a special secret shopper disguise, complete with sunglasses and a flowery hat. Ready to roam the aisles undisturbed, you'll feel like a stealthy mom ninja! 🥷👩🏻
- 4 Are you accustomed to "What's for dinner, Mom?" on repeat every evening, despite cooking for an army of hungry kiddos for decades? 🍲👨🏻👧 Let's declare a "Mom's Mystery Meal Night"! Serve up a surprise from your secret recipe collection and savor the looks of curiosity and amazement on your family's faces. You're the kitchen magician! 🎩👩🏻👨🏻

For my birthday this year, I'm asking for donations to Operation Underground Railroad. I've chosen this nonprofit because their mission means a lot to me, and I hope you'll consider contributing as a way to celebrate with me. Every little bit will help me reach my goal. I've included information about Operation Underground Railroad below.

There are over 2 million children trafficked for sex each year. We rescue children who have been trafficked and shine a light on this issue.

FAJITA CHICKEN BREASTS CASSEROLE 😊

Ingredients:
3 or 4 small chicken breasts (1 1/2 lbs – 750g) skinless, boneless – or 2 large chicken breasts, split lengthwise
2 bell peppers, red and green, seeded and cut into strips
1 medium onion, minced
1 teaspoon cumin powder

1 teaspoon garlic powder, or minced garlic

Fresh chopped cilantro, or parsley, for garnish

DIRECTIONS
1. To make fajita chicken breasts casserole recipe: Preheat your oven to 400°F (200°C). Lightly grease a baking dish.
2. Place chicken breasts on a shallow plate. Sprinkle cumin, chili powder, garlic, paprika, salt, and pepper on both sides. Keep some of the spices for sprinkling over the vegetable.
3. Arrange chicken breasts into the prepared baking dish, and drizzle with oil. Top chicken breasts with bell peppers and onion, then sprinkle some of the remaining fajita seasonings. Finish the casserole with shredded mozzarella cheese on top.
4. Bake the fajita chicken casserole for 20 – 30 minutes (if you split the chicken breasts lengthwise, or depending on the thickness); until chicken is cooked through and reaches an internal temperature of 165°F (74°C). You can

Did you know only 1 in 24 women actually lose weight when dieting? ☐☐ The reason people struggle to lose weight is dopamine. When we eat certain foods, our brain releases dopamine. We crave certain foods, drinks, cigarettes , gambling, etc. because we're looking for the next dopamine hit. Our CB1 receptors in our brains is what causes this. ☐☐ When you turn them off, you stop craving certain foods, you stop emotionally eating, over eating, & you stop hormonal weight gain. Not only does this pill turn off your CB1 receptors, it breaks down the fat at a cellular level, so you can lose weight fast. It boosts your metabolism, balances blood sugar, balances hormones, suppresses appetite, enhances memory, & increases energy. ✂ Oh & it's the only weight loss product on the market with a 95% success rate! If you want to learn more you know where to find me!☐ #youhavetotrythis.#trustme #getwowed

Good morning! I appreciate all the calls and texts yesterday. You guys are awesome. I just wanted to let yall know I'm okay and home. I had fainted while driving. Luckily i felt something coming on and had started pulling over and praying like crazy 🙏. When I woke up, I was in a ditch and my car was still in drive. I was able to call 911 and get to the hospital. A couple gentleman stopped to help and stayed with me until medics arrived. My blood pressure dropped and caused me to faint because of a new medication my neurologist put me on. All other tests were great, so thank you Jesus !! I was so scared. Prayer works! This could have went a whole nother way yall!🙏🙏🙏 And thank you Shawn Mcadoo and Shane Mcadoo for coming to get me and my work car🙏🙏

🍊🍊 Wellness Wednesday Detox: Post-Halloween Edition 🍊🍊

🌿👤 Ready to shake off those sugary Halloween vibes and get back on track? It's time for a special edition Wellness Wednesday: the Post-Halloween Detox! Here are three ways that can help

1 Rehydrate and replenish 💧💧 After indulging in all those candy bars and spooky delights, it's time to give your body some TLC. Grab that water bottle and chug it like you're a thirsty vampire. Hydration is key to flush out those toxins and re-energize your system. Cheers to a fresh start!

2 Nourish your body with nutritious goodies 🥗🥑 Now that the candy stash is safely hidden away (out of sight, out of mind, right?), it's time to refuel with wholesome goodness. Load up on nutrient-packed fruits, veggies, and lean proteins. Go wild at the grocery store and stock up on colorful foods that will make your taste buds do a happy dance!

3 Move and groove to shake off the spookiness 🕺💃 Dust off that broomstick and show off your best dance moves! We've all had our fair share of Halloween fun, but now it's time to break a sweat and get those endorphins flowing. Whether it's a yoga session, a brisk walk, or a killer workout, make sure to get your body moving. Trust us, your future self will thank you!

It's all about finding that balance and showing your body some love. So, let's kickstart this Wellness Wednesday Detox to feel refreshed, rejuvenated, and ready to conquer the world! 🌟🌟

Found these incase anyone is interested. Might work 🙏

Flu/cold tea bombs all done and frozen... ready for some hot water when it's needed. Here is the recipe. Didn't know if anyone would be interested in this so here it is.

Ingredients:

2 whole lemons (peeled)
Two big bunches of fresh ginger
One whole head of garlic
2tbls of turmeric
1 tble pepper
1 tble cinnamon
1 1/2 tble cayenne (but I love hot)
1/2 tble Apple Cider Vinegar
1 1/2 tble honey
3 cups of water

Directions:

Blended in blender

Strained out

Side note next time I will use cheese cloth. I used a fine mesh sieve.

Strained into another dish then put in my silicone muffin dish and froze. About 1/8 cup each in size. I did have some left so made a tea right then. It was pretty good and a bit spicy so keep that in mind with the cayenne amount. There was some "sediment" left in the bottom of the cup which is why I think a cheesecloth would be best. There are some more exact recipes online... but I was going for a big batch to freeze.

Thank you Homesteading for beginners. See less

📷 #TransformationTuesday📷 Guess what? I dropped a whopping 30 lbs in just 3 months, and let me tell you, it feels amazing to flaunt my progress! 📷 But you know what's even better? I've managed to keep it off for a solid 7 months now! 📷 And here's the best part... I didn't go crazy with hardcore workouts or sacrifice all my favorite foods. Nope! It's all about finding the right balance. I simply take my supplements, chug my water like a boss, and make sure I get in a few steps each day. Easy peasy, right? 📷📷 So, if you're looking for some inspiration or a nudge in the right direction, just know that it's totally possible to make positive changes without feeling like you're giving up the fun stuff. It's all about finding what works for YOU! 📷📷

I set a goal for 150. I had started at 185 with the older trio. Got down to 165 with that one and was at a stand still for months. Needless to say...this new product got that scale moving agaiiin!! I didn't even get a chance to see 150 on the scale. Just passed it on by and HELLO 140's!! I haven't seen that in over 30 years But seriously, if you haven't tried this new product...Wtheck are you waiting for?!

Had another episode driving today. I hit a truck backed up all the way across the highway and hit a house. Then pulled back up to the gas station and threw up. I have no recollection of any of that. When I saw police knocking on my window I felt some relief. Im beside myself of what I could of actually done. I was on the verge of passing out again. I am so Thankful noone was hurt. EMS took me to the ER in Longview. It was a seizure and I was put on meds and off driving for a while. Grateful for my husband, sister, and brother in law showing up. Prayers would be appreciated.[]

I'll be leaving this weekend for Kansas City. There is a rehab specialized in TBI's. Not sure exactly how long I will be there, could be 1-3 months. But hopefully they will figure out where these seizures are coming from and get me on something that works. Just keep me & my family in your prayers. Love and blessings☺☺

Support Tonya's Journey to Recovery

👤 Jackie Davis is organizing this fundraiser.

🔒 Donation protected

Tonya, my sister lost her job and health insurance back in May due to health issues she has been having from a car accident. We are trying to raise enough money to help her get back and forth to dr appts. She just got released from a neuro rehab last week and still has a long road ahead of her. We've been trying to get her into a neurologist in Dallas. If you can find it in your heart to help, we would appreciate it. If you can't, please send prayers and share. Thank you all very much in advance and God bless.

Update: Tonya's doctors found cancer in her colon. Its been upgraded to a stage 4. They think they got it out, but sent in several biopsies to make sure the cancer didn't spread. They managed to get a foot of her colon out that had holes in it and leaked out to her pelvis. Then literally had to scrape colon off of her pelvis to make sure the cancer didn't spread to her bone, they did a biopsy there as well. She is in so much pain, and this has definitely been hard on her and her family as well. So I'm asking again if you would please help her out. Every little bit counts in these times. Thank you all for all the love and support you have poured her way.

Update: Still waiting on scheduling at UT Southwestern for the extended EEG. This will tell more where the seizures are coming from and which medication they need to put me on. The episodes are coming on almost a daily basis, so hopefully I won't need to stay the whole 7 days in the hospital. I had a neuro appt this morning and he wants to keep meds the same until we get the test done. As we get more answers, I will let ya'll know. But for now, I'm trying to take it easy. Thank you sis for setting this up, and thank you everyone who is helping. I appreciate all the messages, texts, and support. You guys are the best!!

Hardly brushed my hair or got dressed this week because I felt like crap. Shawn made me go to the hospital so now I'm stuck here lol. Thanks for taking care of me babe. Will find out if I have to have surgery after a follow up CT today. Doctors found colitis and an abscess. Hoping antibiotics will kick it. The doctor will be coming in this morning to let me know the plan y'all keep me in your prayers, please. And have an amazing Wednesday!☺

When our guts get opened and cut and sewed, they go paralyzed. It takes time for that trauma to to go away and the gut to become awakened again. Let your nurse know the moment you pass gas! They may start you on ice chips early then.

I just need to say GOD is GOOD! Can I get an AMENNNNNN. I just called to get my test results from the biopsies they did during my colonectomy. There were over 30 btw. Everything shows NEGATIVE!!
Annnddd...he did remove the entire tumor. Praise Jesus! Thank you everyone for your prayers, cause I know you all have been praying hard. I am healing up still but the pain is almost bearable now. That or I've gotten used to it. Still trying to take it as easy as possible. And I will have to start chemo after my stomach heals. So probably another 4-5 weeks and that'll get going. My oncologist will be here in town, thankfully. Still waiting to hear from him. And they also set me up with neurology in Tyler to figure out these seizures. Finally everything is in motion and something will get done. Just a short update on whats been going on. I've been looking like this or worse really...thats why you haven't seen my smiling face. Keep the prayers going and share or donate to my Gofundme. Its pinned at the top of my page. I believe its going to take a village. I haven't been able to work since my last accident, but I know He will provide. We still have a long way to go, but I have a ton of support around me and have nothing but faith things will be alright. Love ya'll @highlight

Tonya, have you tried juicing? We do celery + green apple. I'll add some ginger & turmeric on some days. All kinds of anti-cancer juicing protocols you can do. Delicious too! Update: Staples are out, and pain is still unbearable most days. But it's healing and I am improving. It is getting easier to move around more each day. The hard part is figuring out when I've done too much. That usually comes the next day. The next step is getting a port in and starting chemo. However, my insurance isn't in network at the oncologist they sent me to. Searching for a new insurance so they can get me in asap. Continue to pray and share this out. I really appreciate all you guys are doing. Its nice to know how much love I'm surrounded by. Annd thank you all for the birthday wishes, texts and calls. You really know how to make a gal feel special ☺

Drove myself to chemo Friday. Thats the first time in over 6 months I was by myself in a car since my last accident. It was kinda liberating. I almost felt like myself for a minute, minus the exhaustion and blistering hands feet and mouth. But on a good note...all blood work looked good, and she took me off chemo for another week so my symptoms don't get worse before my oncologist appt next week. These side effects are the WORST!

Lil sis went with me to my oncologist appt. Super happy im off chemo for the next 2 weeks until these side effects calm down, and then we'll try a lower dose with 1 week on and 1 week off. If my body don't handle it any better then they will give me the port to get chemo that way. I realllllly hope it works with the lower dosage. Keep me in your prayers guys. I appreciate all of you ☺☺

I love all of you! Thank you for donating, sharing and praying. I appreciate you all so muuuch!! The love and support has been overwhelming. I can't thank you guys enough. Update: port was put in yesterday. I feel like Ive been hit by a truck. Keep praying this chemo doesn't have the harsh effects the pill did. Im hoping to go back to work if it works for me. I should start chemo up again next week.

4 more months! Just got IV chemo started yesterday. So we'll see how this goes. And as soon as CoCo Chanel was close enough, she started chewing on my tubing. It doesn't seem to be punctured, so that's good. I think I will be okay until tomorrow when it comes out. I just have to keep it out of CoCo's line of sight. Wish me luck ☹️☹️ #cancersucks #coloncancer #GodsGotThis

...

Men are turned off by STRESS. Women are turned off by INCONSISTENCY. It's simple, a woman becomes "too emotional" or "reactive" when the man she loves sends mixed signals, when his words and actions don't align, leaving her unsure. That's when stress creeps in. Men look for peace, but peace isn't silence, it's built on CONSISTENCY. When a woman feels safe, she softens. When she knows where she stands, she stops overthinking... and becomes your peace, your safe place, and your biggest BLESSING. ~Chris Perry
